

The Wave

Great Lakes Regional
Stroke Network

Great Lakes Regional Stroke Network's, "The Wave," is a monthly newsletter produced through a collaborative effort of the Network's Program Manager, State Heart Disease & Stroke Prevention Programs in the Great Lakes region, and GLRSN partners. This publication serves as one of the primary communication channels to GLRSN members.

New and archived issues are available on the homepage of the GLRSN website at <http://glrsn.uic.edu>

IN THE SPOTLIGHT: STROKE EDUCATION MONTH AND ACTIVITIES

What are 3 for Stroke? In a special feature, we'll focus on the 3 for Stroke campaign, developed by the American Stroke Association, the American Academy of Neurology, the American Heart Association and the National Institute of Neurological Disorders and Stroke. This is a great way to increase the stroke warning signs: W.B.E. (Weakness, Balance, and Changes in Speech).

Stroke Stroke Association materials can be downloaded including a comprehensive glossary, patient stories, log sheets, journal cards, and more. Visit us today to see what's new! <http://www.stroke.org/nas>

Many of you may have seen the launch of Stroke Alert Day (May 1, 2015) at the International Stroke Conference. Go to <http://www.strokealert.org> for information on how to participate. Also, sign up for our newsletter. Go to <http://www.stroke.org/nas> for more information on doing for Stroke Alert Day across the United States.

The American Stroke Association has educational materials for your patients and caregivers. Visit us today at <http://www.stroke.org/nas> for information on how to participate. Also, sign up for our newsletter. Go to <http://www.stroke.org/nas> for more information on doing for Stroke Alert Day across the United States.

Stroke Waves: An FNUF resource on stroke prevention and management. This resource includes a comprehensive FNUF educational kit for health care providers in all 3 languages. This kit includes DVD and VHS versions of the materials, an educational guide, and 3 resource sheets and logs of a 30-minute presentation, including evaluation forms and a reproducible log. For evaluation and ordering your copy, the educational kit is only available by contacting our program directly at 1-800-451-1234 or stroke@fnu.org.

"Stroke Stroke: From the Signs. Act in Time" is a public education campaign for stroke that also has public education materials available. <http://www.stroke.org/nas>. Materials are available in English and Spanish. There is also a toolkit that can be ordered.
