

## Select Agent Risk Group Comparison

SELECT AGENT	CDC	USDA ANIMAL	USDA PLANT	OVERLAP	RISK GROUP	PRIORITY CATEGORY	EXCLUSIONS
Abrin	X						X
African horse sickness virus		X					
African swine fever virus		X					
Akabane virus		X					
Avian influenza virus (highly pathogenic)		X					
Bacillus anthracis				X	2	A	X
Bluetongue virus (exotic)		X					
Botulinum neurotoxin producing species of Clostridium				X		A	
Botulinum neurotoxins				X			X
Bovine spongiform encephalopathy agent		X					
Brucella abortus				X			X
Brucella melitensis				X			
Brucella suis				X			
Burkholderia mallei (formerly Pseudomonas mallei)				X			
Burkholderia pseudomallei (formerly Pseudomonas pseudomallei)				X			
Camel pox virus		X					
Classical swine fever virus		X					
Central European Tick-borne encephalitis virus	X						
Cercopithecine herpesvirus 1 (Herpes B virus)	X						
Clostridium perfringens epsilon toxin				X			X

AGENT	CDC	USDA ANIMAL	USDA PLANT	OVERLAP	RISK GROUP	PRIORITY CATEGORY	EXCLUSIONS
Coccidioides immitis				X			
Coccidioides posadasii	X						
Conotoxins	X						X
Cowdria ruminantium (Heartwater)		X					
Coxiella burnetii				X			
Crimean-Congo haemorrhagic fever virus	X					C	
Diacetoxyscirpenol	X						X
Eastern Equine Encephalitis virus				X			
Ebola viruses	X						
Far Eastern Tick-borne encephalitis	X						
Flexal virus	X						
Foot-and-mouth disease virus		X					
Francisella tularensis				X		A	X
Goat pox virus		X					
Guanarito, virus	X						
Hendra virus				X			
Japanese encephalitis virus		X					
Junin virus	X						X
Kyasanur Forest disease	X						
Lassa fever virus	X						
Liberobacter africanus			X				
Liberobacter asiaticus			X				
Lumpy skin disease virus		X					
Machupo virus	X						
Malignant catarrhal fever virus (exotic)		X					
Marburg virus	X						
Menangle virus		X					

AGENT	CDC	USDA ANIMAL	USDA PLANT	OVERLAP	RISK GROUP	PRIORITY CATEGORY	EXCLUSIONS
Mycoplasma capricolum/ M. F38/M. mycoides capri (contagious caprine pleuropneumonia)		X					
Mycoplasma mycoides mycoides (contagious bovine pleuropneumonia)		X					
Newcastle disease virus (VVND)		X					
Nipah virus				X			
Omsk Hemorrhagic Fever	X						
Peronosclerospora philippinensis			X				
Peste des petits ruminants virus		X					
Phakopsora pachyrhizi			X				
Plum pox potyvirus			X				
Ralstonia solanacearum, race 3, biovar 2			X				
Ricin	X						X
Rickettsia prowazekii	X						
Rickettsia rickettsii	X						
Rift Valley fever virus				X			X
Rinderpest virus		X					
Russian Spring and Summer encephalitis	X						
Sabia virus	X						
Saxitoxin	X						X
Sclerophthora rayssiae var. zeae			X				
Sheep pox virus		X					
Shiga-like ribosome inactivating	X						X
Shigatoxin				X			X

AGENT	CDC	USDA ANIMAL	USDA PLANT	OVERLAP	RISK GROUP	PRIORITY CATEGORY	EXCLUSIONS
Staphylococcal enterotoxins				X			X
Swine vesicular disease virus		X					
Synchytrium endobioticum			X				
T-2 toxin				X			X
Tetrodotoxin	X						X
Variola major virus (Smallpox virus)	X					A	
Variola minor virus (Alastrim)	X					A	
Venezuelan Equine Encephalitis virus				X			X
Vesicular stomatitis virus (exotic)		X					
Xanthomonas oryzae pv. oryzicola			X				
Xylella fastidiosa (citrus variegated chlorosis strain)			X				
Yersinia pestis	X					A	X
