## Word of Advice

Apart from the quizzes that are given during the discussion section (see the course syllabus), the discussion section is your time to go through the difficult material of the texts and the lectures with your peers. I do not intend to reiterate the lecture. Please use your time wisely and participate. Before coming to the discussion, it might be a good idea to write down a couple of questions, thoughts, comments, etc. you would like to bring up in class. Please do not hesitate to ask questions.

Students with disabilities who require accommodations for access and participation in this course must be registered with the Office of Disability Services [(312) 413 2183 or (312) 413 0123]. Any such students should introduce themselves to me no later than by the end of the second week.
